MINOR LOCAL MENTIONS.

THE boy stood on the garden walk.
Whence all but him had fiel; Cucumber vines and melon rinds Strewed every garden bed.

A creature of hereic blood, He laughed their cramps to scoru; Each gripe and pain essayed in vain To bounce him to that bourne.

But, ah! there came an apple green That made its presence felt That made its pressure felt
That plunged that child in colics wild—
It struck below the belt.

struck in the face and knocked down by Paul Newmiller, on the 25th of June. Strassner, after falling, struck with his heal on the curb and sustained such injuries that he died on the 4th inst.

A verdict was returned as follows: Death from fracture of the base of the skull, producing extravasation of blood and suppuration of the brain. I further find that Paul Newmiller struck Strassner with his open hand, causing him to fall on the curb-stone, thereby being indirect cause of the fatal injury, but I am of opinion said blow was given without any intention of doing serious injury.

NERVOUS DEBILITY CHAS. LANGLEY & Co., San Francisco:
DEAR SIRS: I take great pleasure in Informing
you of the most gratifying results of the DATESTILE. CAL., Nov. 8, 1871.

CHAS. LANGLEY & CO., San Francisco.

BEAR Sires: I take great pleasure in informing you of the most grafffying results of the use of CARBOLINE in my own case. For three years the top of my head has been completely hald and smooth, and I had quite given up any hope of restoring the bair. For weeks ago I noticed the advertisement of CARBOLINE, and on the recommendation of a friend concluded to try a battle, without any great hope of good results, however, I have how useful less than a mouth, and to my recet agreeothe astonishment my near is completely covered with a five, short, healthy growth of heir, which has every appearance of continued growth; and I confidently believe it will restore it so completely as ever it was in my youth.

I take great pleasure in offering you this testly montal, and you have my permission to publish the same. Yours, truly.

CHASE E. WHITE, Davisville Cal.

Subscribed and sworn to before me this 8th day of November, 1878. JAMES D. KING, Notary Public. JOSEPH E. POND, Jr., Attorney at Law, North Attebore, Mass., says. "For more than twenty years a portion of my bead has been as smooth, and free from hair as a folliant ball, but some cight weeks and has hidded to try your Cannot and the disease have been simply wonder foll. Where no hair has been seen for six years, there now appears a thick growth. I expect the growth of the slow, but it is growth in two per apply as hair does after it is cut. You may use the above testimonially you choose, and may refer to me for its truth."

W. H. BRILL & Co., Fifth Avenue Pharmscy, Pittsburg, Pa., says: "We have sold preparations or the hair for upwards of twenty years, but have ever had one to sell as well or give such universal attisfaction as CARROLLEN. We therefore reommend it with confidence to our friends and the cheral public."

Mr. GUSTAVUS F. HALL, of the Oates Opera Troupe, writes: "Aftersix weeks" use, i am oun-vinced that your CAMPOLISE has and is producing a wonderful growth of hair where I had none for years."

Your Carroling restored my hair after every-thing else had falled. I consider it the best thing out for the purpose intended. B. F. ARTHUR.

CARBOLINE

Is absolutely the only article that will make hair grow on bald heads, and cure all diseases of the skin and scale. This is a broad assertion, but the facts in the case warrant us in using strong language, as we have abundant testimony that Cancollist has cured some of the very worst cases where the family physician had acknowledged that he could do nothing.
